

# Waste to Bioenergy Africa: Harnessing the Potential

África, de residuos a Bioenergía:  
Aprovechando el potencial

## Programme- 26 September

- 10:00–10:05**      **Welcome & Moderation**  
Dr. Rainer Janssen, Managing Director Projects, WIP Renewable Energies
- 10:05–10:30**      **Opportunities for Renewable Energy Projects in Africa**  
Niklas Hayek, Project Manager, Africa-EU Renewable Energy Cooperation Programme (RECP)
- 10:30–10:55**      **COFIDES: Innovative Financing for Energy Projects**  
Raúl Moreno, Impact Development Manager/Division for Financing for Development and European Affairs, Compañía Española de Financiación del Desarrollo (COFIDES)
- 10:55–11:15**      *-Coffee break-*
- 11:15–11:40**      **Ecovisão Experience and Future Expectations**  
Maria João Martins, Member of the Board, Ecovisão
- 11:40–12:05**      **Waste No More? Emerging Bio-Energy Business Models in Rwanda**  
Dr.-Ing Peggy Mischke, Managing Director, EconergyPM - Clean Energy Expertise
- 12:05–13:05**      *-Lunch break-*
- 13:05–13:30**      **Mandulis Energy - Disruptive Innovation Unlocking Africa's Biomass Energy Future**  
Peter Nyeko, Co-founder & Managing Director, Mandulis Energy
- 13:30–13:55**      **Decentralised Power Generation From Biomass: Our Experience in Africa**  
Pol Arranz-Piera, Projects Director, Trama TecnoAmbiental (TTA)
- 13:55–14:20**      **South Africa Biogas Industry Overview**  
Horst Unterlechner, Director, IBERT & Treasurer, Southern African Biogas Association (SABIA)
- 14:20–14:45**      **Blackwood Technology – Torrefaction Project in South Africa**  
Alex Adell Arnuelos, Co-founder & Consultant, Blackwood Technology
- 14:45–15:05**      *-Coffee break-*
- 15:05–16:00**      **Panel Discussion**
